

Experience the context-switching effects of

ALT + TAB

Directions:

- 1) Pour TAB into glass
- 2) Pour secret ingredient* into glass
- 3) Enjoy!

* Secret ingredient is whiskey

WARNING

Alt+Tab is known to change the context of your reality. Do not operate a motor vehicle or heavy machinery until you are familiar with this new context. Performance of Alt+Tab may vary based on host system.

Product Errata

Under certain circumstances there is significant latency when attempting to return to your original context from Alt+Tab. This is a known bug and there is no known workaround.
